Thanks. Montrose comments sounds like a long read.

Catherine, I don't have a precise idea, but I think that if you calculate how long you and your client would like to discuss the FFS and multiply that number by 3, it would give you an idea of how long it might last. I've set aside the whole day.

Someone from your office called me earlier to ask for the other comments EPA has received. Aside from the letter we received from you and the one from LRTC, we received only one other set of comments, from Montrose counsel at Latham and Watkins. Honestly, I don't know how we received these comments because they appear to be above the maximum size that our email system allows for incoming email attachments (22 MB) and are certainly too large for an outgoing email attachment (we've tried). When we receive the hard copy, I can have a copy made and mailed to you. Thanks. Taly

At present, the following persons:

Catherine Johnson

Jim Holland

Laura McWilliams

Scott Bodensteiner

Scott Bourne

Do you have any idea how late/long this meeting will run?

I'm so glad to hear that, Catherine, as I was sure you (or maybe Jim?) had confirmed the date when we met last week. We do need to know the names of each person you plan to have in attendance so we can add them to the list at security. Thanks. Taly

Subject: Proposed meeting to discuss United Heckathorn FFS comments

Hello,

EPA will host a technical meeting on Wednesday, June 10, to discuss the draft Focused Feasibility Study for the United Heckathorn Superfund Site with all interested potentially responsible parties. The meeting will begin at 10 AM in the Region 9 office in San Francisco. Each stakeholder will have an opportunity to provide a brief overview of its ideas, questions, and concerns, and EPA, DTSC, and EPA's contractors will answer questions and discuss the Site. Please confirm that this date works for your organization, and we will develop a more detailed agenda.

Sincerely,

Rachelle Thompson, MS, PE

Project Manager, Superfund Division

US Environmental Protection Agency Region 9

75 Hawthorne Street, SFD-7-3

San Francisco, CA 94105
